HR advisory to employees:

Dear Staff, it is advised that you come to work dressed according to your salary. If we see you wearing branded sneakers and carrying a designer bag we assume that you are doing well financially and therefore you do not need a raise. If you dress poorly, you need to learn to manage your money better, so that you may buy nicer clothes and therefore you do not need a raise. If you dress in-between, you are right where you need to be and therefore you do not need a raise.
